

Feedback

Elizabeth Hamberger from New York

»The program has allowed me to connect business topics like Quality Control Management and Corporate Social Responsibility that I have learned about in the classroom and how they apply to operating SMEs in the real world. The company visits organized by the university combined with the relevant lectures allowed me to garner firsthand knowledge on crucial German industries and their cultural values. After visiting these companies, I will never be able to think of an Audi, BMW or Mercedes-Benz the same way again.«

Alrick Russell from New York

»The International Summer School 2016 program at Fachhochschule Südwestfalen exceeded my highest expectations! I owe an incredible debt of gratitude to all the Fachhochschule professors and student leaders who participated in exposing our diverse NYIT contingent to a broad cross section of Germany-related topics, issues, and insights. This exceptional program provided me a unique opportunity to not only realize a life-long dream of immersing myself in German culture, but it also acquainted me with leading German companies and institutions. Although the time my study abroad colleagues and I spent in Soest was limited, the experiences and memories we shared will last us a lifetime.«

Room & Board

Room

In Soest, you will be accommodated in a hotel in double rooms. In Berlin, we also provide accommodations in a hotel in double rooms without extra charge. Single rooms can be provided upon request (additional charges).

Board

Breakfast is served at the hotel and is included in the fee. Lunch is served at the university cafeteria. You can choose between 5 different dishes, including a vegetarian meal (2 – 5 €). In the evening, you may choose a restaurant in town for an additional fee or have supper at the hotel.

10th International Summer School Soest (ISSS)

August 11th – August 25th, 2018

The German economy, culture and more ...

Locations
Soest
Berlin

Greetings

The 2-week program (August 11th – August 25th, 2018) offers a variety of lectures and workshops with a special focus on the German and European economies.

Our summer school also offers an excellent opportunity to study German science and culture. In addition, you will gain international educational experiences.

We offer a mixture of high quality lectures (about 45 h), company visits and city tours. Additionally, we organize evening activities with our international students from campus.

We have learning agreements with NYIT and SGU which allow you to earn credits at your home university. Please contact Prof. Swid (NYIT) or Prof. Hidayat (SGU) for details.

Our target groups are primarily students of the New York Institute of Technology (Manhattan) and students of the Swiss German University (Jakarta), but we also welcome others who are interested.

In 2016, we held our 9th Summer School. We hope to welcome you in Soest in August!

Prof. Dr. Dina Dreisbach

Lectures

The International Summer School offers different lectures and workshops for our international student target groups. The program combines high quality studies with a wide range of cultural and leisure activities. The following subjects will be discussed with a special focus on the European economy:

- European monetary policy
- European integration and financial policy
- The European sovereign debt crisis
- Special fields of the German economy such as retail, automotive, stock market, media and engineering
- Intercultural communication
- International procurement

For more detailed information, please check the program on our homepage.

Excursions

Warsteiner brewery, Thyssen (steel production), Europipe (pipe manufacturing) and to Volkswagen production (automotive).

Further visits will be announced on our homepage.

Leisure activities

The leisure program will give students an impression of German culture and way of life.

- City tours in Soest, Cologne, Düsseldorf, Dortmund and Berlin
- Visit to Möhne lake
- Soccer, pub tour, cinema visit etc.
- Evening program with international students from campus Soest
- Raft-building
- Visit to a TV studio
