Declaration of consent for health data

1. Introduction

As part of your scholarship application, you have voluntarily provided us with health information to justify a particular hardship situation. These are special categories of personal data according to Article 9 GDPR, which we need to process in order to be able to check your eligibility for a scholarship. In order to carry out this processing, we require your consent according to Article 9(2)(a) GDPR.

2. Consent

I hereby consent to the processing and storage of this health data for the purpose of verifying the eligibility requirements of a particular hardship situation.

Furthermore, I consent to the transmission of this data to Deutsches Stiftungszentrum GmbH, which has been commissioned, within the scope of data processing pursuant to Article 28 GDPR, to review the eligibility requirements for the awarding of the scholarship.

Consent is voluntary. If you do not give your consent, it may not be possible to properly assess whether the personal hardship condition is met.

3. Your rights

Consent may be withdrawn at any time with effect for the future. The notice of withdrawal must be sent in writing to Hochschulstiftung Südwestfalen, Baarstraße 6, 58636 Iserlohn, Germany. If consent is withdrawn, it may not be possible to adequately verify the eligibility of a personal hardship situation.

In accordance with Article 15 GDPR, you are entitled at any time to request comprehensive information from the Hochschulstiftung Südwestfalen about the personal data stored about your person.

In accordance with Article 17 GDPR, you can request the correction, erasure and blocking of individual personal data from the Hochschulstiftung Südwestfalen at any time.

The data stored by us will be deleted as soon as it is no longer required for the stated purposes and the deletion does not conflict with any statutory retention obligations.

You have the right to lodge a complaint with a supervisory authority, in particular in the member state of your habitual residence, place of work or place of the alleged breach, if you consider that the processing of your personal data is in breach of the GDPR.
