Part 1 General Regulations

§ 1 Applicability

These Examination Regulations for the Bachelor's programme Business Administration with Informatics at the Faculty of Electrical Engineering (Soest campus) apply in combination with the General Examination Regulations of South Westphalia University in the currently valid versions.

§ 2 Academic Degree

Upon passing the Bachelor's examination in accordance with § 2 of the General Examination Regulations, students are conferred with the academic degree "Bachelor of Arts" (B.A.) in the degree programme Business Administration with Informatics by South Westphalia University.

§ 3 Specific Prerequisites

- (1) In addition to the general prerequisites in accordance with § 3 of the General Examination Regulations, applicants shall prove their language qualifications as follows:
1. The applicant has studied English up to the Qualifikationsstufe 1 (year 11 for the G8-Abitur, otherwise year 12) or up to the acquisition of the entrance qualification for universities of applied sciences and passed with at least "Sufficient" (4.0); or
 2. the applicant has passed a TOEFL-Test with a score of at least 575 points or 232 points computer-based or 91 points internet-based; or
 3. the applicant has passed an IELTS- Test with at least an overall result of 6.5; or
 4. the applicant has passed a comparable language test in accordance with Paragraph 2 with an appropriate result.

Applicants who have successfully completed a Bachelor's degree course entirely in English at a German university are not required to provide proof. Furthermore, applicants who have obtained their general or subject-restricted higher education entrance qualification in Australia, Canada, Ireland, New Zealand, the United Kingdom or the United States are not required to provide proof.

- (2) If proof of English language proficiency cannot be provided in accordance with § 3 (1), the applicant may, upon request, be invited to a combined oral and written examination in which English language proficiency is tested. Students are invited to the examination in text form with at least one week's notice. The examination is conducted and assessed by two examiners from the Faculty of Electrical Engineering. The examiners are appointed by the Chairperson of the Examination Board. The examination is a written examination lasting 120 minutes. The applicant is to be informed of the results in text form. In the case of not passing the examination, a written notification must also be issued stating the reasons and providing information on legal remedies. In the case of not passing the examination, it is possible to reapply at a later date. Applicants have no right to be re-examined before the deadline in the respective application period. A third application is excluded.

§ 4 Begin, Duration, Structure, and Scope of Study

- (1) The programme begins in the winter semester.
- (2) The regular duration of studies is 7 semesters.

- (3) All courses and examinations are conducted in English.
- (4) The scope of the academic performances amounts to 210 credit points, one credit point corresponds to a 30-hour student workload. The compulsory modules amount to 155 credit points, the elective modules 55 credit points. The compulsory modules that are obligatory (in accordance with § 4 (4) of the General Examination Regulations) are to be found in Enclosure 1. The catalogues from which the elective modules are to be chosen (according to § 4 (4) of the General Examination Regulations) are listed in Enclosure 2 A, 2 B, 2C, and 3. The elective modules with the scope of 55 credit points are to be chosen according to the following criteria: At least 30 credit points shall be proved from subjects of Enclosure 2, including at least 15 credit points either from subjects of Enclosure 2 A or 2 B. Additionally, at least 15 credit points from subjects of Enclosure 3 shall be proved.
- (5) In the programme Business Administration with Informatics students may choose between the course specialisations "Markets" and "Resources". For setting the course specialisation, there are to be obtained at least 15 credit points either from courses of Enclosure 2 A or 2 B. When registering for the colloquium, the selection shall be confirmed.
- (6) Further details on the structure of the programme as well as on type, scope, contents, and types of examination within the modules are to be found in the enclosure, the study plan, and the module handbook.

§ 5 Examination Board

Referring to § 6 (3) of the General Examination Regulations, the election of the chairperson and the deputy of the examination board shall be conducted by the faculty council, and not by the examination board.

§ 6 Compensation

Referring to § 11 of the General Examination Regulations, students may switch once an already defined elective module that they have requested for admission, if they failed the examination of the module at least once; or if they have permanently failed the examination. In doing so, they shall address a written request to the examination board.

Part 2

Module Examinations and Preliminary Examination Performances

§ 7

Scope and Type of Module Examinations

In addition to the types of module examinations listed in § 13 (1) in the General Examination Regulations, those can also be conducted as a portfolio (§ 15) or in the form of partial examinations during the semester (§ 15a).

§ 8

Admission to Module Examinations

- (1) The application deadlines for admission to module examinations (in accordance with § 14 (2) of the General Examination Regulations) shall be determined by the examination board.
- (2) In case of a withdrawal of the request for admission to a module examination in accordance with § 14 (5) of the General Examination Regulations, the following deadlines apply:
 - a) The deadline for module examinations in the form of a written examination (§ 9), a multiple choice examination (10), or an oral examination (11) is one week before the examination date.
 - b) Module examinations in the form of a seminar paper (§ 12), a combined form of examinations (§ 13), a portfolio (§15) or in the form of partial examinations during the semester (§ 15a) can be withdrawn two weeks after the registration. Module examinations in the form of a project assignment (§ 14) can be withdrawn two weeks after the registration.
- (3) In accordance with § 14 (7) of the General Examination Regulations, admission to the module examination may be made dependent on preliminary achievements. Enclosure 1-3 define for which examinations there are needed such academic performances.

§ 9

Written Examinations

- (1) In accordance with § 17 of the General Examination Regulations, written examinations will last between 60 and 120 minutes.
- (2) This degree programme provides the opportunity to supplementary examinations in oral form (in accordance with § 17 (4) of the General Examination Regulations). At least two supplementary oral examinations are allowed in the course of study.

§ 10

Multiple Choice Examinations

- (1) In accordance with § 18 of the General Examination Regulations, multiple choice examinations will last between 60 and 120 minutes.
- (2) Furthermore, § 9 (2) applies appropriately.

§ 11 Oral Examinations

In accordance with § 20 of the General Examination Regulations, oral examinations will last between 20 and 30 minutes.

§ 12 Seminar Papers

In accordance with § 21 of the General Examination Regulations, a seminar paper comprises up to 15 pages. The presentation which may amend a seminar paper, will last at most 45 minutes. The module handbook issues in which modules such a presentation is necessary.

§ 13 Combined Form of Examinations

At the beginning of the semester, the lecturer defines in text form the type of examination in addition to the seminar paper in accordance with § 22 (1) of the General Examination Regulations. This also includes the weighting of both elements of the combined examination regarding the calculation of the overall grade for the module. The lecturer may also determine if it is necessary to pass both elements in order to pass the module examination or whether a grade compensation is possible.

§ 14 Project Assignments

- (1) In accordance with § 23 (1) of the General Examination Regulations, project assignments comprise up to 15 pages. The presentation which may amend a project assignment, will last at most 45 minutes. The module handbook issues in which modules such a presentation is necessary.
- (2) The completion time of project assignments set by the examiner according to § 23 (5) of the General Examination Regulations may endure at most 3 months.

§ 15 Portfolio

- (1) A portfolio is an autonomous, written, and oral documentation of the learning process. It comprises the reflection and discourse of the individual acquisition of competencies in a module. If necessary, the acquisition of competencies will be reflected in an oral examination by means of the portfolio. The portfolio comprises individual components, e.g. audit trail, text analyses, presentations, case studies, structural design, written examinations, etc. The individual components are restricted to five elements. The written part of the portfolio comprises up to 15 pages, the oral part will last 20-30 minutes.
- (2) The final composition and notification of the portfolio shall be conducted in text form by the lecturer at the beginning of the course. This also includes the weighting of the individual elements for the calculation of the overall grade for the module. The lecturer may also determine if it is necessary to pass all elements in order to pass the module examination or whether a grade compensation is possible.
- (3) A portfolio may be approved in the form of a group work, if the part which is to be assessed, according to its length, number of pages, or other objective criteria allows a clear distinction and well-defined assessment of a candidate's individual contribution in the team work and, if the requirements according to Paragraph 1 are fulfilled for each student.

- (4) The completion time (time from setting until submission of the composition) shall be adapted to the length of the module and shall not exceed one semester.
- (5) The assessment of the portfolio shall be based on the written composition and the oral examination as far as such are included.

§ 15a
Partial Examinations During the Semester

- (1) A module examination can be divided into up to four partial examinations in suitable modules. These partial examinations are conducted in the form of written examinations, multiple choice examinations, electronic examinations (e-Exams), oral examinations, presentations or seminar papers during the semester.
- (2) The total time of all partial examinations lasts at least 60 minutes and a maximum of 120 minutes per candidate. The total duration of all partial examinations in the form of written papers is typically 15 to 25 pages of 30 lines each (excluding figures and tables).
- (3) The binding division, type and scope of the partial examinations will be announced by the examiner in text form during the first session. This also includes the weighting of the individual partial examinations for the calculation of the overall grade for the module. The examiner can also determine whether all individual partial examinations must be successfully passed in order to pass the module examination or whether a grade compensation is possible.
- (4) Furthermore, the regulations of §§ 17 (1) to (3), 18, 19, 20 and 21 of the General Examination Regulations apply accordingly.

Part 3 Studies

§ 16 Scope of the Bachelor's Thesis

In accordance with § 28 (1) of the General Examination Regulations, the scope of the Bachelor's thesis comprises 40-60 pages. The completion time (time from setting until submission of the thesis) will last at least 8 and at most 12 weeks.

§ 17 Admission to Bachelor's Thesis

In addition to § 29 (1) of the General Examination Regulations, only those shall be approved to the Bachelor's thesis, who obtained a minimum of 150 credits in the modules of the first to sixth semester in accordance with Enclosure 1-3.

§ 18 Conduct, Submission, and Assessment of the Bachelor's Thesis

- (1) In accordance with § 30 (2) of the General Examination Regulations, the topic of the Bachelor's thesis may be rejected within the first two weeks of the completion time without stating reasons.
- (2) Contrary to § 30 (4) of the General Examination Regulations, the Bachelor's thesis must be written in English.
- (3) Referring to § 30 (7) of the General Examination Regulations, passing the Bachelor's thesis will be awarded with 12 credit points.

§ 19 Colloquium

- (1) In addition to § 31 (2) of the General Examination Regulations, only those are approved to the colloquium,
 - a) who obtained a minimum of 140 credits in the compulsory modules of the first to sixth semester,
 - b) who obtained a minimum of 55 credits in the elective modules and complied with § 4 (4),
 - c) who chose his or her course specialisation in accordance with § 4 (5),
 - d) and who obtained 12 credits in the Bachelor's thesis.
- (2) In accordance with § 31 (5) of the General Examination Regulations, the colloquium is conducted as oral examination, amended by a presentation with a duration of 45 to 60 minutes.
- (3) Referring to § 31 (6) of the General Examination Regulations, passing the colloquium will be awarded with 3 credit points.
- (4) The colloquium may be conducted in the form of a videoconference in the consent with all persons involved in the examination. When both examiners and the candidate are connected during the videoconference, there shall be present a competent assessor with the student.

Part 4 Assessment of the Final Thesis, Double Degree

§ 20 Examination Certificate

- (1) Additionally, the marks are formulated in the current international format on the Bachelor's certificate. The marks will be converted by the following table.

With an average of 1.0 up to and including 1.5 = A
 With an average of 1,6 up to and including 2.5 = B
 With an average of 2,6 up to and including 3.5 = C
 With an average of 3,6 up to and including 4.0 = D

- (2) In addition to § 33 (1) of the General Examination Regulations, the course specialisation shall be listed on the certificate.

§ 21 Double Degree

Referring to § 35 of the General Examination Regulations, there is to be issued a certificate in the scope of cooperation with a foreign university,

- a) if all subjects, which are necessary for a completion of studies at the partner university, are passed and
- b) if the student has obtained a minimum of 30 credits in the modules of the fourth to seventh semester of the programme Business Administration with Informatics.

Part 5 Final Provisions

§ 22 Coming into effect, Transitional Provision, Publication

- (1) These Examination Regulations shall come into effect on 01/09/2018. They are published in the Official Announcement of South Westphalia University of Applied Sciences - Promulgating Publication of South Westphalia University of Applied Sciences. The third amendment will come into effect on 9 August 2024 with the condition that the amendments in Enclosures 1 to 3 shall apply for the first time in the winter semester 2024/2025 and that the examination in the modules "Quality Management", "Quantitative Analyses in International Management", "IS Project" and "Advanced Web Development" can be taken for the last time in the examination period of the summer semester 2026, provided that the examination procedure in the module concerned has already begun.
- (2) The provisions of these Examination Regulations apply for the first time for those students who are enrolled in winter semester 2018/2019 in the programme Business Administration with Informatics.
- (3) The regulations in case of new or curricular re-designed programmes (Aufwuchsregelung) which apply for this programme are to be found in Enclosure 4.
- (4) Students who started the programme Business Administration with Informatics before coming into effect of these Examination Regulations, are covered by the Bachelor Examination Regulations dated 26/08/2011 (Official Announcement of South Westphalia University of Applied Sciences - Promulgating Publication of South Westphalia University

of Applied Sciences - as of 05/09/2011) to the following restrictions until the end of winter semester 2023/2024:

- a) In accordance with the Examination Regulations dated 26/08/2011, the particular examinations take place in the examination periods of the following stated semesters for the last time:

| | |
|--|---------------------------|
| Examinations in first semester courses | winter semester 2019/2020 |
| Examinations in second semester courses | summer semester 2020 |
| Examinations in third semester courses | winter semester 2020/2021 |
| Examinations in fourth semester courses | summer semester 2021 |
| Examinations in fifth semester courses | winter semester 2021/2022 |
| Examinations in sixth semester courses | summer semester 2022 |
| Examinations in seventh semester courses | winter semester 2022/2023 |

- b) The Bachelor's examination of students covered by the Examination Regulations as of 26/08/2011 shall be passed by 29/02/2024.
- c) Students may continue their studies according to these Examination Regulations upon request. This request is irrevocable. The examination board decides on approving the request.

The given Examination Regulations are issued after verification by the Rectorate of South Westphalia University based on decision of the faculty council of the Faculty of Electrical Engineering as of 11/07/2018.

Iserlohn, 08 August 2018

Rector of South Westphalia University of Applied Sciences
As representative

Prof. Dr. Marie-Theres Roeckerath-Ries
