

Reference for the Application for a Student Scholarship

Student scholarships may only be awarded to students of foreign nationality whose prior course of study allows for the expectation that a completed degree can be achieved within one year of application submission at the latest.

IMPORTANT INFORMATION!

As a consequence of the current "Covid-19" crisis situation, foreign students who are expected to graduate within the next **24 months!** after application can now also apply for the scholarship. This amendment of the regulations applies until revocation.

Please use this reference to provide a justified, realistic assessment of the applicant's forecasted final degree.

The student
